

COCKTAIL RECEPTION on a BOAT, **May 18 2018, 6.00-8.00pm**

Taking Montenegro boat tours is a great way to explore and experience the beautiful Montenegro coastlines.

Much of the wildest and most beautiful coastline can't be seen from the road, but you can explore it by boat during a 2-hour trip. The boat cruise will start from *Slovenska plaza* in old town Budva, passing many beaches on the Budva coast, to St Stefan. Formerly an island, St. Stefan is now connected to the mainland by a narrow isthmus. A great place to take a picture! Then continuing to St Nikola island, located opposite the town of Budva, we will anchor there and go swimming!!! Good refreshments will be served on the boat, national drinks, local *prsuta* (smoked ham) and local cheese will put you in a Mediterranean mood.

Nothing can compare to the exhilaration of the wind whipping through your hair as you cruise along the coastline!

Cost: € 30 (\$US35)
